LARGE NUMBER OF PATIENTS DISMISSED

Situation at New Orleans Satisfactory to Officials.

CONDITIONS IN COUNTRY BETTER

The Time Limit on Screening Cisterns Has Been Extended—Yellow Fever Patient in Atlanta Dies—Towns Are Quarantining Against Georgia City.

New Orleans, Sept7.—Up to noon today there were seven new cases of yelow fever reported and five deaths.

New Orleans, Sept. 7.—Clear and cooler weather continues here with little change in the yellow fever situation. There is a large daily discharge of recovered patients and with the deaths so few the feeling of hopefulness increases daily.

A satisfactory record for the day in cases and deaths is indicated by the early reports today.

Owing to the physical impossibility of completing the screening of all cisterns with wire by the first of October, the present ordinance is to be amended extending the date until perhaps December 1. Cheesecloth screens will serve until them.

In connection with the matter of screening it is announced that the board of directors has decided to remove the cisterns from all the public school replacing them with filters furnishing an inexhaustible supply of Mississippi river water.

Reports from Country Favorable.

With the exception of Lake Providence and Tallulah, near each other in North Louisiana, yellow fever reports, both from city and country, appear favorable in character. Locally there are many evidences of the success of the mosquito theory, most conspicuous of which is the fact that in the list of new cases for the preceding twenty-four hours there is not a single one from the original area of infection, the 44 squares in which the fever first appeared, though there are hundreds of non-immunes in the district.

Superhuman work in the matter of disinfection and the eradication of mosquitoes has been done in this section, and while the infection has not been entirely wiped out, a day's freedom from new cases indicates that the disease has been shorn of much of its power.

The attempt to postpone moving day for a month has had to be abandoned. House rentals in New Orleans cover the year from September 30 to October 1. A large majority of taem have been signed and endless confusion and litigation would probably follow an attempt to prevent tenants from changing their abodes. Though it has been decided that all tenants shall notify the authorities of their intention to move and steps will be taken to perform thorough disinfection at premises where there is a change of occupants.

In order to reach the poorer classes Dr. Warner is arranging to hold meetings in the various factories of the city. Proprietors have been asked to set aside a half hour or more in which an educational meeting may be held.

The state board of health is to send further relief to Tallulah and Lake Providence where there has been a serious rescrudescence of the fever. Dr. Tichenor has wired that the infection is thorough in Tallulah that the female nurses are needed. Tents have been sent to Lake Providence, but though needed badly, there is no train to take them there and the health officer, Officer Bernard, has wired Dr. Souchon for help.

The death of Secretary A. L. Lane of the fifth district levee board at Tallulah, of yellow fever has added to the alarm in that town. Denial is printed there that there is any fever on Grand Isle. This island is situated in the gulf in Jefferson parish, and is a popular summer resort. It was said that two hundred people from Lerville had gone there and spread the infection, but Dr. Engelbach has written that no refugees have appeared on the island.

One hundred and forty screened cars have been collected at Chalmette to handle the cargo of the United Fruit company's steamer Limon from Port Limon, which is on her way up the river with 55,108 bunches of bananas, the largest cargo ever brought to an American port. The Limon is equipped with a modern refrigerating plant and comes from a section where there has been no yellow fever this year. Italian laborers will be sent to Chalmette to discharge her cargo.

The Italian relief committee said today that it has distributed 2,226 rations during the past six days from its Toulouise street headquarters.

Chairman Patenro announces that conditions in the original district are vastly improved, practically all the panic having subsided. Conditions are expected to grow constantly better now that the fever in this district is undoubtedly on the wane.

Atlanta's Patient Dies.

Atlanta, Sept. 7.—John C. Caruthers, the Pensacola man who developed yellow fever the day after he arrived in Atlanta, and was taken immediately to the detention hospital on the river line, died Tuesday afternoon. Dr. Summerall immediately notified the city health officer, Dr. J. P. Kennedy, and the members of the local board of health were then notified. Arrangements will probably be made for a private funeral on account of the nature of the disease so that there may be no chance for infection. This was the only case of yellow fever in the city.

FRANCE AWAITS SULTAN'S REPLY

Ruler of Morroco Has Not Answered Recent Ultimatum.

Paris, Sept. 7.—The government still awaits word from Fez regarding the Sultan's answer to the French ultimatum to Morocco, the time limit of which expired yesterday.

It is the firm intention of the ministers to enforce redress without reference to outside influence. Official intimations have been received that Germany does not sympathize with a French military demonstration against Morocco, as likely to complicate the general Moroccan question on the eve of the conference. Nevertheless, there is a positive determination here to keep the redress of the outrage in the arrest of the Algerian citizen, Bouzian, entirely separate from the general question of Morocco and to pursue those of the redifs to the end.

Whether both military and naval demonstrations will be made awaits the final word from Fez. But both branches of the service are prepared for duty.

The result of the demonstration of the American squadron at Tangier to secure the release of Ion Perdicaris when he was held a prisoner by Raisuli inclines the autnorities here to favor a military movement striking into the interior instead of at the coast.

No Taxes in Georgia County.

Dawson, Ga., Sept. 7.—There will be no county taxes levied in Terrell next year. The board of county commissioners had so decided. Their action in this matter means that for five consecutive years the citizens of Terrell will have had no county tax to pay. The profits from the operation of the dispensaries in the county more than suffice for the maintenance of all the institutions, which include one of the most excellent road-working systems in the state. Terrell holds a unique position in the matter of no tax levy. It is the only county in the state, or perhaps in the United States, where the citizens are not required to contribute support to the county's expenses.

Newspaper Man Suicides.

Austin, Tex., Sept. 7.—Harry Haynes aged 57, a prominent newspaper man of this city, connected with the Austin Statesman, as capitol building reporter, committed suicide here by shooting himself through the head with a revolver. He had gone home to supper, and after eating for a few minutes, walked into an adjoining room and shot himself. Despondency is supposed to be the cause.

WORK COMPLETED; ENVOYS ADJOURN

Peace Conference Has Passed Into Annals of History.

ENVOYS LEAVING PORTSMOUTH

The Grand Finale of the Peace Plenipotentiaries Has Been Enacted and War Between Russia and Japan Has Ended.

Portsmouth, N. H., Sept. 7.—Life in the pictureque section of New England, which for the last four weeks has centered around the proceedings of the peace conference, began slipping back into normal channels today with the departure of M. Witte and the Russian mission on a special train for New York, and of the members of the Japanese entourage, who did not go with Baron Komura last night.

M. Witte was up early this morning and before the had taken breakfast a crowd had assembled on the hotel veranda to to see him off. He shook hands with each of the persons gathered about him, and when he started he was given cheers and cries of "Adieu."

Mr. Takanira, who headed the Japanese party, was also heartily cheered.

At the navy yard the work has already begun of restoring the general stores to its former condition. The furniture will be shipped back to Washington including the table on which the treaty was signed. This piece of furniture may be preserved by the department of state, and also the chairs in which the plenipotentiaries sat. The building will, however, continue to be known as the "peace building."

Mr. Pierce will remain here this week to wind up the government's business in connection with the conferences.

Captain Cameron McR. Winslow, commanding the Mayflower, was among the last to take leave of M. Witte. The Russian plenipotentiaries thanked Captain Winslow in his own and the emperor's name for the hospitality which M. Witte and his mission had enjoyed aboard the Mayflower and presented him with an autographed photograph.

In perpetuation of the historic part which the navy yard has played in the last month, it has suggested that a bronze tablet be placed on the walls of the peace building commemorative of the "peace of Portsmouth" brought about within its walls.

KAISER FEARS YELLOW PERIL.

German Emperor Talks With Americans on This Subject.

New York, Sept. 7.—Congressman McNary, of Massachusetts, who was a member of the American party received by Emperor William, is quoted in a Times dispatch from Berlin as follows:

"In our conversation the emperor dwelt on the 'yellow peril' and expressed the opinion that the Japanese would follow up their military successes by closing the 'open door' and by their command of cheap labor force Europe and America out of the Oriental market."

He went on to say that it wa necessary for the different nations to stem the yellow peril by uniting. The only power that Japan feared was America, and it was a good thing for the world that the United States was on the side of the Japanese empire.

The emperor asked us what we thought of German railways. We said frankly that we believed the American lines were better. The kaiser assented, but said he thought German cities were better paved than those of America.

Pythians to Meet in Nashville.

Nashville, Tenn., Sept. 7.—It has been announced here that owing to the prevalence of yellow fever in New Orleans the National Pythian Editorial association will not hold its annual meeting in that city. An effort is being made to have the meeting held here.

PLAN PARK OF LINCOLN'S HOME

Spanish War Veterans Will Take Matter Under Advisement.

Louisville, Sept. 7.—A movement looking to the securing of Abranam Lincoln's birthplace by the Spanish War Veterans' association is expected to be launched at the national encampment of the veterans which opens tomorrow in Milwaukee. The historic spot in Larue county was recently purchased by R. J. Collier, of New York, and acting upon a report that Mr. Collier would present the place to one of the patriotic orders of America for park purposes, the Louisville camp of Spanish War veterans has adopted a resolution instructing its delegates to present the matter to the annual convention in Milwaukee. The matter has been called to the attention of President Roosevelt, and Mr. Collier and replied are expected by the time the Milwaukee encampment convenes.

There are at present 160,000 members of the Spanish War association and it is thought by a per capita tax of 25 cents a year at least $10,000 can be raised the first year. The money thus collected would be expended in building a house and in constructing roads and in other ways to beautifying the place.

MANY FRAUDULENT VOTERS.

More Graft Has Been Unearthed in Philadelphia.

Philadelphia, Pa., Sept. 7.—Under usual conditions, the assessors of the 1,150 celetion precincts in this city began the exact assessment for the purpose of making corrections in the list made up last May.

Under instructions from Director Potter, of the department of public safety, who acted upon the authority of Mayor Weaver, a policeman was stationed at each polling place to guard against posisble fraud in the revision of the assessor's list of voters.

The policemen were aided in this work by representatives of the Democratic party and of the city party, a reform organization opposed to the methods of the regular Republicans. It is estimated by the police that nearly 50,000 names were stricken from the lists today.

Recently a house-to-house canvass of voters was made by the police, the Democratic and city parties, and at its conclusion Mr. Potter announced that the police had found more than 60,000 illegal registrations.

There have been no arrests as yet.

G. A. R. Has Big Parade.

Denver, Colo., Sept. 7.—The main event of the Grand Army encampment, speaking from the view point of the rank and file, was the grand parade which occurred today. To the veteran, the privilege of again treading in step with comrades of the bivouac of '61 is one for which no hardship seems too great to undergo, no ordeal too severe to undertake. Many who marched the 2 miles today were exhausted when the end was reached, and many others, weakened by age, fell out of line long before the journey was completed. The ovation given the marchers was unstinted. The streets were packed with people, and the windows and roofs of the buildings along the line of march swarmed with humanity. The cheering was continuous.

Alabama Officers Checked Short.

Montgomery, Ala., Sept. 7.—Assistant Examiner Sedberry has checked two officers of Tallapoosa county short with the state. They are C. I. Porter, tax collector, held to be due $1,248.89, and J. P. Oliver, superintendent of education, charged with $250.51 paid to teachers without authority. Mr. Porter did not make settlement with the auditor in July.

Ship Afire in Suez Canal.

London, Sept. 7.—A dispatch from Port Said states that the British ship Chatham, from London for Yokohama, is afire in the Suez canal and is holding up all canal traffic. The fire has caused great alarm as the Chatham has 70 tons of dynamite on board. The fire on board the Chatham was extinguished and canal traffic was resumed.

TERRIBLE TRAGEDY IN ALABAMA TOWN

Man Murders Wife and Father in Law at Evergreen.

NO CAUSE FOR KILLING GIVEN

The Shooting Has Stirred the Entire Community to a High Pitch and There Was Considerable Talk of a Lynching—Law Will Take Course.

Mobile, Ala., Sept. 7.—John [illegible]son, a prominent citizen of Evergreen, Ala., shot and instantly killed his wife, Belle, and his father-in-law, [illegible]er, at 6 o'clock this morning.

They had been married [illegible] years and have several children.

There is no reason assigned for the tragedy.

The shooting was done shortly after the family had arisen.

The tragedy has stirred the entire county, and there was talk of lynching, but wiser counsel prevailed and Thompson, who is in jail, will not be molested by the angry people.

VISITED HAWAIIAN VOLCANOES

Harvard Professor Makes Some Interesting Discoveries.

San Francisco, Sept. 7.—Professor W. H. Pickering, of Harvard, the astronomer, is here enroute from Peru to the Hawaiian islands. He tells the interesting statement that though he had never seen the volcanoes of the Hawaiian islands prior to his trip there, he realized in them old familiar friends. He says their ancestors from afar, as if through a telescope and that they are similar to those on the moon—those of the engulfment variety.

While in Honolulu Professor Pickering delivered a lecture in which he advanced the theory that the moon was originally a part of the earth, was thrown off and that the Hawaiian islands were about in the center of this lunar genesis. The space that was left when the moon [illegible] was thrown off was the Pacific ocean. The large voluminous of Mauna Loa and Kilauea on the island of Hawaii and Haleakala, on Maui, were [illegible]. Professor Pickering stated, in many cases exactly like those he had observed through a telescope on the moon.

Public Printer Dismissed.

Washington, Sept. 7.—In view of the announcement that Public Printer Palmer's resignation has been requested by the president to take effect in less than ten days, Assistant Secretary of the Treasury Keep, chairman of the commission, which recently investigated the purchase of 72 typesetting machines for the government printing office, after consultation with other members of the commission, has decided to communicate further with the president before proceeding with the investigation of the charges of misordination made by Mr. Palmer against Foremen Ricketts and Hays.

Forest Fires in Idaho.

Wallace, Idaho, Sept. 7.—[illegible] catching fire from the forest fires miles from Mullin completely consumed the boarding house, bunk tents at the Snowstorm mine yesterday afternoon, and are now threatening the ore bins. The entire force of men is out fighting the flames, but the timbering in the tunnel is being destroyed. An army of men are pouring water on the flames. The forest fires east of here are raging, hundreds of acres of timber.

Large Fire in Baku.

St. Petersburg, Sept. 7.—Dispatches from Baku, Caucasus, say that the "Black Town" district of the city is still burning and also the oil fields at Balkhan, Bibiebat, Nomanbunto. The loss will amount to millions of roubles. Baku is covered with dense clouds of smoke and the flames of burning buildings light the sky all night long. It is said that the disorders were started by Armenians, who disguised as soldiers fired on Russians and Tartars.

HORSEWHIPPED MAN; ARRAIGNED IN COURT

Experience of Clarence Harrod, Who Got Revenge.

IGNORED AN APPOINTMENT

Robert Sherrod Made Appointment to Take Ladies to Depot, and Failed to Show Up, Which Resulted in Trouble—Defendent Was Fined.

Clarence Harrod was arraigned in the mayor's court Thursday upon a charge of disorderly conduct, the specification being that on Wednesday afternoon he publicly chastised and horsewhipped Robert Sherrod, a colored hackman of this city. The warrant was sworn out by Sherrod.

The evidence in the case went to show that, on a certain day recently, Sherrod was instructed to go to the home of the defendant and convey his wife and another lady to the Seaboard Air Line depot. Sherrod, after taking the contract, failed to fulfil the same, with the result that the ladies were compelled to walk to the station, which was quite a distance.

It appears that Mr. Harrod did not see the hackman until Wednesday, when in a fit of rage, at the Seaboard depot, he administered upon Sherrod several blows from a carriage whip.

Acting Mayor Broome presided at the court, and at the conclusion he stated that, while the defendant may have been justified in relieving the provocation, it was against the laws and dignity of the city, and he would assess a fine of $5 and costs.

After the session of mayor's court Mr. Harrod was arrested by the county authorities upon the same charge and arraigned before Justice Colman. About the same evidence was produced as in the mayor's court, when Justice Colman assessed a fine of $50 and costs, but the fine was suspended.

REAL ESTATE DEALS.

Dirt Seems to Move Lively in North Gainesville—Important Sales.

The bustling suburb of North Gainesville is never to be outdone in any instance, real estate transfers not excepted. There have been several important transfers within the past few weeks, which indicates the prosperity of that section, and among the most important was the sale of seven and a half acres by A. O. Steenburg to Attorney W. H. Palmer. This property is situated on the Hog Town creek road, a few rods west of the home of Col. I. E. Webster, and is among the most desirable in that neighborhood. Mr. Palmer will likely divide the land into building lots and place it on the market. Mr. Steenburg has also purchased four lots from Mr. Palmer.

G. W. Perkins, an industrious colored man, has purchased a lot, and will erect a neat home.

The Elks.

The first regular meeting after installation of Gainesville Lodge No. 990, B. P. O. E., was held at Masonic Hall Wednesday evening.

The meeting was well attended, and a noticable feature was the present of many of the leading citizens of the city, who have but recently been vested with their antlers.

A great deal of interest was manifested, and a thorough organization was made. Among other business was the reading of a half dozen or more applications for membership, which were referred to proper committees.

A committee was appointed to investigate the matter of securing a club house and lodge room. It may be possible for the Elks to build its own club house, which will be patterned in conformity with the demand, but this will be left altogether to the committee, which will report at the next meeting.

The second and fourth Thursday nights of each month were selected as the meeting nights for the present, as these are the only dates open in Masonic Hall, where the lodge will be compelled to convene until a more suitable place can be secured.

The Elks have started well here, and the lodge is destined to become one of the leading lodges of the order in the State.

YELLOW FEVER.

The Sick at Pensacola and New Orleans Doing Well.

Pensacola, September 7.—No new cases. Dr. Gonzalez has been arrested for circulating the report that there is no yellow fever here, and that the present scare was for graft.

At New Orleans.

New Orleans, September 7.—From 6 p. m. yesterday until noon today there were 17 new cases and two deaths. The mosquitoes have disappeared that flocked here a few days ago.

Abscess.

Abscesses, with few exceptions, are indicative of constipation or debility. W. H. Harrison, Cleveland, Miss., writes, Aug. 15, 1902: "I want to say a word of praise for Ballard's Snow Liniment. I stepped on a nail, which caused the cords in my leg to contract and an abscess to rise in my knee, and the doctor told me that I would have a stiff leg, so one day I went to J. F. Lord's drug store (who is now in Denver, Colo.) He recommended a bottle of Snow Liniment; I got a 50c size, and it cured my leg. It is the best liniment in the world." Sold by W. M. Johnson.

Didn't Want Country Hay.

There was a jolly crowd of traveling men in the city Thursday, and among them were Arthur Doyle and W. W. Stripling, two of the most original that ever picked up a salesman's grip.

While seated in the lobby of the Brown House, Arthur—the irrepressible—sprung something new. That's hard for anyone who knows Arthur to believe, but it is a fact, and it was on Stripling and provoked a hearty laugh. Arthur says that Mr. Stripling had been in want of a shave for a week or two recently. He was on his round, and went into a store in a nearby town that had just been established, and introduced himself to the proprietor.

"What can I do for you?" inquired Mr. Proprietor, in a sour manner.

"I am representing the C. B. Van-Deman Company of Jacksonville," replied Stripling, as he picked up and began to munch a dried apple, casting his eye about for the water pail. "We want to get acquainted and do some business. I have been told you was a close buyer, and I have come to give you some close prices on hay."

Glancing at Stripling's unshaven face, the merchant turned upon his books with the remark. "We don't want any country hay today."

There's a point to this which a traveling man can appreciate, with the exception of Stripling.

Attacked by a Mob

And beaten in a labor riot, until covered with sores, a Chicago street car conductor applied Bucklen's Arnica Salve and was soon sound and well. "I use it in my family," writes G. J. Welch of Tekonsha, Mich., "and find it perfect." Simply great for cuts and burns. Only 25c at all drug stores.

INDEPENDENCE DAY.

According to John Adams, It Should Be July 2.

On the 3d of July, 1776, John Adams, then one of the representatives of Massachusetts in the Continental congress, wrote to his wife Abigail:

"Yesterday the greatest question was decided which was ever debated in America, and a greater perhaps never was nor will be decided among men."

In a second letter, written the same day, he said:

"But the day is past. The 2d of July will be the most memorable epocha in the history of America. I am apt to believe that it will be celebrated by succeeding generations as the great anniversary festival. It ought to be commemorated as the day of deliverance by solemn acts of devotion to God Almighty. It ought to be solemnized with pomp and parade, with shows, games, sports, guns, bells, bonfires and illuminations from one end of this continent to the other from this time forward, forevermore."

When the resolution was taken up on the 2d, all the states, except New York, voted to accept it. Thus, on the 2d day of July, 1776, the independence of the thirteen united colonies from the throne of Great Britain was definitely decided upon. The 2d, and not the 4th, may be called the true date of the separation. We could with propriety celebrate the Fourth two days earlier. That the participants in the work considered the 2d as the true date is shown by the letters written by John Adams, quoted at the beginning of the article. The popular fancy, however, seized upon the 4th, the date of acceptance of Jefferson's more dramatic declaration of the reasons for the separation, as the proper day to celebrate.

The debate upon the document was continued until the afternoon of the 4th, and, says Jefferson, might have run on interminably at any other season of the year. But the weather was oppressively warm, and the hall in which the deputies sat was close to a stable, "whence the hungry flies swarmed thick and fierce, alighting on the legs of the delegates and biting hard through their thin silk stockings. Treason was preferable to discomfort," and at last the delegates were brought to such a state of mind as to agree to the Declaration without further amendment.

It is a mistake to suppose that the document was signed by the delegates on that day. It is improbable that any signing was done save by John Hancock, the president of the congress, and Charles Thomson, the secretary.—Paul Leland Haworth in Harper's Magazine.

ADAPTABILITY.

Adaptability's sails are set to catch any wind that blows.

To the man with adaptation an emergency is an opportunity.

Adaptability is the ability to adapt yourself quickly to unexpected conditions.

The bankrupt law is meant as an asylum for men who are without adaptability.

When one plan fails the man with adaptation has forty-nine untried others waiting.

Adaptability is always ready, is never taken at a short, is the great lightning change artist and often turns hopelessness into victory.

A general in battle, a statesman in office or a financier handling large enterprises without the ability to readily adapt himself to suddenly changed conditions is a misfit.—From Cent Per Cent.

HORRIBLE DEATH OF MISS FANNIE WEEKS

Fell Into Boiling Spring in Yellowstone Park.

WELL KNOWN IN GAINESVILLE

Was at One Time a Member of Faculty of East Florida Seminary, and Had Many Friends—A Sudden Ending of Life of Noble Lady.

An Associated Press dispatch from Livingston, Montana, under date of September 6, tells of the awful death of Miss Fannie Weeks. Miss Weeks was at one time a member of the faculty of East Florida Seminary, and was well known by many of our people who will regret to learn of her sudden death and its cause. The telegram is as follows:

"Miss Fannie A. Weeks, aged slightly over fifty, of Washington, D. C., is dead in this city from the effects of falling into a boiling spring in the Yellowstone National Park several days ago. In company with other Eastern tourists, Miss Weeks was making a tour of the park, and while viewing a geyser, stepped backwards in an effort to dodge the blinding spray of the spouter, and fell into a hot spring in which the water was fairly bubbling. Her body was literally cooked from the waist down, and death ensued after a period of intense agony. Miss Weeks was a native of Gainesville, Fla., where she has relatives. At one time Miss Weeks was stenographer to former Senator Call of Florida, but at the time of her death held a clerkship in the Treasury Department."

IMPORTANT DECISION.

Espanola Lumber Company Case, Referee Palmer is Sustained.

The readers of The Sun will remember that a short time ago we gave a detailed statement of the matter of the Espanola Lumber Company, in bankruptcy.

Under an order of the referee, W H Palmer, the estate of the bankrupt was sold and the money, about $19,000, has been lying in the registry of the District Court in Jacksonville since the sale. Immediately after the sale a petition was filed with the referee praying, among other things, that the said money be applied on a mortgage indebtedness of $15,000, rather than be distributed pro rata to the general creditors of the bankrupt.

To the petition of the mortgagee the trustee filed an answer, denying the right of the mortgagee to said funds thereby creating an issue under the bankrupt act. The referee, after taking the proofs in the case and hearing the arguments of able lawyers both for and against the petition, dismissed the petition on the ground that the mortgagee was a preferred creditor and that a preference could not be maintained, to the exclusion of other liabilities of the bankrupt, under the bankruptcy law of 1898 as amended by an act of Congress of 1903.

From the decision of the referee an appeal was taken to the United States District Court for the Southern District of Florida. The District Court has recently reviewed the case, and on Thursday, September 7th, the referee was advised that his act in dismissing the petition was affirmed. The petitioner can prosecute an appeal to the Circuit Court of Appeals, if he so elects, otherwise the funds will be distributed pro rata by the bankruptcy act.

A Pleasant Affair.

Mr. and Mrs. J. B. Padgett tendered a reception at their elegant home, [illegible] Franklin street, Wednesday evening in honor of the fourteenth birthday of their son, Jake. Quite a number were present, and the evening was passed in a manner becoming the occasion. Refreshments were served, and at late hour the guests departed, wishing Master Jake many happy returns of the day.

HAPPENINGS OF MONTEOCHA.

Cotton Crop Will be Light—Notes of Personal and General Interest.

Monteocha, Sept. 7.—C. C. Hudson, salesman of Baker & Holmes of Jacksonville, was here on business Friday last.

O. W. Maines reports fourteen bales of cotton ginned at his gin. He says he ginnnd 220 bales last year, when he won't gin over 100 this year. That shows the crop is off some. The farmers of this section say that there will be no cotton in the fields by December.

The rains have got all small bridges floating around here.

Dr. J. E. Maines of Waldo was here on business Monday. He reports quite a lot of practice for a new doctor in his town.

Geo. Dyal, a neighboring ginner, reports fourteen bales of cotton ginned at his gin. He says cotton is off in that section.

Mr. and Mrs. A. F. Baines of Cyril, who have been visiting relatives in Virginia, have returned home.

C. Brinkley of Jacksonville, also a member of the firm of Brinkley & Baines of Cyril, has returned home from Cyril, where he has been on business.

D. V. Maines, a merchant near Atlas, passed here en route to Gainesville Tuesday.

Corn pulling takes the day here now.

The team of R. J. Andrews passed through here Monday evening with one of the famous Doig gins, which Mr. Andrews will add to his ginnery.

Quite a crowd from here attended church at New Hope Sunday.

The Original.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. J. W. McCollum & Co.

Kirby Smith Chapter.

Kirby Smith Chapter, United Daughters of the Confederacy, held an interesting meeting at the home of Mrs. H. H. McCreary, Thursday afternoon, at which a great deal of business of importance was transacted.

Mesdames J. N. Strobhar, H. H. McCreary, M. E. Tinsley, and Misses Alice Thomas and Maud Graham, were appointed delegates to the National convention, which will meet in Los Angeles, California, but owing to the great distance none of these ladies can attend, to their regret, and the Chapter passed a unanimous resolution delegating the State president, Mrs. H. E. Stockbridge, to cast the vote of the Chapter.

Amendments to the National constitution were read and discussed after which the meeting adjourned.

Got Off Cheap

He may well think he has got off cheap who, after having contracted constipation or indigestion, is still able to perfectly restore his health. Nothing will do this but Dr. King's New Life Pills. A quick, pleasant and certain cure for headache, constipation, etc. 25c at all drug stores, guaranteed.

RIOT AT LABOR MEETING.

Walking Delegates Shoots at Prominent Labor Leader.

New York, Sept. 7.—One man was shot and a riot narrowly averted last night during a meeting of the Progressive Marble Polishers' union. Conflicting stories of the shooting are told by members but the police arrested a walking delegate whom they charged with felonious assault upon Francis Valentir.

About 150 men were present when the men were called to order. Some of the delegates declare that as soon as business began the walking delegates who sat behind the chairman drew a small revolver and fired at Valentir. The wound was not serious, but a general row broke out immediately and a policeman stationed outside summoned the reserves. They quickly restored order.

The trouble, it is said, arose over the attempt of the Italian element in the union, of which Valentir posed as a leader, to oust the walking delegate.

Devoured by Worms.

Children often cry, not from pain, but from hunger, although fed abundantly. The entire trouble arises from inanition; their food is not assimilated, but devoured by worms. A few doses of White's Cream Vermifuge will cause them to cease crying and begin to thrive at once, very much to the surprise and joy of the mother. Sold by W. M. Johnson.

Fighting Continues at Kisheneff.

St. Petersburg, Sept. 7.—Advices from Kisheneff say that the street fighting continues there. Roughs are sacking the Jewish shops, killing or wounding many of the inmates. It is said that over a score of soldiers have been killed. The Jewish self-defense committee is active in organizing resistence to the troops.

Many Ships Clear from Chicago.

Chicago, Sept. 7.—All records for the list of vessels clearing from the district of Chicago in one month was broken in August when 1,208 ships of all kinds with a registered tonnage of 1,289,953 tons, departed. During the same period 1,202 vessels with a tonnage of 1,280,302 tons arrived.

American Condemned to Death.

Constantinople, Sept. 7.—The criminal court at Stamboul has condemned to death the Armenian, Ghirwis Vartanian, a naturalized American, for the murder of the Armenian merchant Apik Ludjian, August 26, who was shot by Vartanian in the Galata quarter of this city.

Sprains.

S. A. Read, Cisco, Tex., writes, March 11, 1901: "My wrist was sprained so badly by a fall that it was useless; and after using several remedies that failed to give relief, used Ballard's Snow Liniment, and was cured. I earnestly recommend it to all who are suffering from sprains." Sold by W. M. Johnson.

Transpiring in "The Land of Flowers." Things "Boiled Down" to Suit the Busy Reader—Items of Interest to All Classes.

The wireless telegraph station at Anastasia Island hasn't got the power yet.

The court house at Kissimmee will be supplied with a pneumatic water supply.

The cotton crop at Fort White has had so much rain on it that there is danger of it becoming water-logged.

The Georgia Southern & Florida Railroad depot at Palatka is now ready for business, and it is the finest in that city.

Welaka will have a five-ton ice factory in operation by December 1st. W. M. Williams of Crescent City is the promoter.

The residence of S. L. Brown at St. Augustine was struck by lightning Monday and the colored servant severely shocked. No serious damage.

The Socialists have been holding meetings in Ocala all summer, and now they are to have illustrated lectures to show the people what they are.

John C. Cordner, a white man of Tampa, has been bound over on a charge of assault with intent to murder one Henry Buoy, colored. Bail at $1,000.

David Curry was bitten in the right leg by a shark he was trying to land at Fort Pierce, Monday afternoon. He was sent to the railway hospital at St. Augustine.

The Pensacola physicians are said to be fighting Dr. Porter, State Health Officer, instead of fighting the fever, and Yellow Jack is finding more victims every day.

The city council of Tampa is discussing the question of municipal ownership of the waterworks. Municipal ownership of water and lighting plants sometimes come high.

Fort Brooke is still in the ring—not political—and elected city officers Tuesday. John T. Lesley was elected mayor for the 21st time. He is the original mayor of the city.

An investigation of the books of Ex-County Clerk I. J. McCall of Hamilton county shows a shortage of $2,556.09. The financial records also showed a loose condition of affairs.

During a thunderstorm on Tuesday lightning struck W. L. Pickett's stable at Fort Meade, killing one of his finest horses and injuring another quite severely. One man was shocked and the building slightly damaged.

The Fruit and Truck Grower, published at Ocala by L. J. Brumby, has made a hit with its September issue. Every fruit grower, farmer and stock grower should take a Florida paper, and The Fruit and Truck Grower is the leader in the State.

Peace River phosphate rock shipped through Punta Gorda thus far this year aggregated 65,875 tons. Shipments during August were 2,690 tons on steamship Wae, August 2, for Weymouth, Mass.; 1,990 tons on steamship Evelyn, August 5, for Cartaret, N. J.; 3,075 tons on steamship Carolyn, on August 31, for Cartaret, N. J.

The Osceola County Commissioners have offered a reward of $500 for the apprehension and conviction of any person or persons engaged in or aiding in the cutting of pasture fences or other destruction of property. The Lee-Parsons Cattle Co. offers an additional reward of $500 for the same purpose. This, no doubt, will stop such lawlessness in Osceola county.

KEEP YOUR HEAD UNCOVERED.

The Constant Wearing of a Hat Propogates Dandruff Germs.

There are many men who wear their hats practically all the time when awake, and are blessed with a heavy shock of hair; yet if the scalps of these same men once became infested with dandruff germs, the parasites would multiply all the quicker for lack of air. Baldness would ensue as the final result. Newbro's Herpicide kills these germs and stimulates unhealthy hair to abundant growth. Herpicide is a pleasant hair dressing as well as a dandruff cure and contains not an atom of injurious substance. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Alabama Convicts Profitable.

Montgomery Ala., Sept. 7.—In a report made to the governor it is shown that the actual net earnings to the state convict department for the 12 months ending Aug. 31 were $305,562.26, against $267,965.75 last year. The gross receipts for the year just closed were $540,829.88, with expenses of $251,180.65, and amounts earned, but not paid in of $15,903.03. It is shown that the convicts are in the best shape ever known in the state, and that the death rate has been reduced to less than 3 per cent.

$100,000 a Year for Parker.

New York, Sept. 7.—Former Judge Alton B. Parker, will succeed Professor Collins as chief counsel for the Brooklyn Rapid Transit company, at an annual salary of $100,000, according to an announcement today. Professor Collins has retired and the firm of Collins & Sheehan, which has acted for years in an advisory capacity to the company, will be known as Sheehan & Parker. William F. Sheehan was one of Parker's strongest supporters in the recent presidential campaign.

Like Finding Money.

Finding health is like finding money—so think those who are sick. When you have a cough, cold, sore throat, or chest irritation, better act promptly like W. C. Barber of Sandy Level, Va. He says: "I had a terrible chest trouble, caused by smoke and coal dust on my lungs; but, after finding no relief in other remedies, I was cured by Dr. King's New Discovery for consumption, coughs and colds." Greatest sale of any cough or lung medicine in the world. At all drug stores; 50c and $1; guaranteed. Trial bottle free.

Varied Commencement Addresses.

An anxious inquirer was discussing with Bishop Prendergast the complex nature of some of his episcopal duties. "I should think you would find giving addresses at commencements particularly trying," said the inquirer questioningly. "I do," sighed the bishop. "How can you manage to find anything original to say year after year?" probed the inquirer, determined to get at the root of the matter. "Oh, I don't," said the bishop, his face lighting up and expanding into a whimsical smile. "I don't say anything original. Each time I simply use different adjectives."—Philadelphia Record.

Playing Her Cards.

Tommy—May I stay up a little longer? Ethel—What do you want to stay up for? Tommy—I want to see you and Mr. Green playing cards. Mr. Green—But we are not going to play cards. Tommy—Oh, yes, you are, for I heard mamma saying to Ethel that everything depended on the way in which she played her cards tonight.

His Past and His Present.

"What do you know about his past?" asked Mabel.

"Just enough to make me a little suspicious about his present," said Maud, examining with a magnifying glass the diamond ring the young man had sent her.

A Clear Complexion and Bright Eyes.

In most cases a sallow, blotched complexion and dull heavy eyes are due to poor digestion and an inactive liver. Orino Laxative Fruit Syrup aids digestion and stimulates the liver and bowels and makes the complexion smooth and clear. Orino Laxative Fruit Syrup does not nauseate or gripe and is mild and pleasant to take. Refuse substitutes. J. W. McCollum & Co.

A LIMIT TO ALL THINGS.

Even to What a Woman Can Do With the Handy Hairpin.

He had been away on a long journey, and upon his return his wife was detailing to him a number of reforms and improvements which she had successfully engineered during his absence.

"And you know," she said, "the drawer that was locked for over a month and which you said couldn't be opened except by a locksmith? Well"—triumphantly—"I opened it."

"Well, well. How did you do it?"

"With a hairpin."

"And the oven door," she continued, "has been slopping around on one hinge for ever so long just because you were too lazy to fix it, but it's all right now."

"Well, I'm glad you had it fixed."

"Had it fixed! I fixed it myself—with a hairpin."

"And then there's that crayon portrait of mother that stood in the corner for almost six solid weeks because you never would bring me any picture hooks"—

"Well, I intended to, but"—

"Oh, but! Well, it don't make any difference now. I got it up with a hook I made myself—out of a hairpin."

"Ye gods!" he said.

"And there's Willie. You've been coaxing him and bribing him for a year, trying to break him off biting his nails, and I broke him in a week."

"With a hairpin?" he inquired weakly.

"No!" she snapped. "Don't be a goose! With a hairbrush."

Beautiful Women.

Plump cheeks, flushed with the soft glow of health and a pure complexion, make all women beautiful. Take a small dose of Herbine after each meal; it will prevent constipation and help digest what you have eaten. Mrs. Wm. M. Stroud, Midlothian, Tex., writes, May 31, 1901: "We have used Herbine in our family for eight years, and found it the best medicine we ever used for constipation, bilious fever and malaria." Sold by W. M. Johnson.

LEGAL ADVERTISEMENTS.

SPECIAL MASTER'S SALE.

Under and by virtue of a decree issued out of the Circuit Court of the Eighth Judicial Circuit of Florida, in and for Alachua county, on the 19th day of August, A. D. 1905, in a certain cause pending therein, wherein George A. Lathan is complainant and Lou D. Masters and A. G. Masters, her husband, are defendants, wherein it was decreed that in default of the payment of a certain sum of money therein mentioned for ten days after the date of said decree, and wherein I, W. E. SOLDIERS' PENSIONS.

The State Pension Board is at present hearing claims of persons applying for pensions at Tallahassee, and although there are 3,000 names on the roll, many claims are being presented, quite a number being groundless. A soldier or his widow who has real or personal property to the amount of $800, or who is able to earn a livelihood, or has an income from any source sufficient for support, cannot receive a pension.

Soldiers of the Confederate army who were bona fide citizens of the State January 1, 1885, who have since continued to reside here, who lost a limb or eye, or otherwise were disabled, or who are 65 years old, are entitled to receive $100 per year for total loss of sight, or for loss of both hands, or both feet, or one hand and one foot.

For personal injuries, disease or age, where the soldier is unable to gain a livelihood by manual labor, $96 a year is granted.

From July 1, 1903, the widows of deceased soldiers or sailors, who honorably served during the State service, shall be entitled to receive the sum of $96 per annum in quarterly payments; provided, that such widow was lawfully married to such deceased soldier or sailor prior to January 1, 1885; and provided, such widow was a resident of the State of Florida on January 1, 1890, and has since continuously resided therein; and provided, further, that no widow who owns property, real or personal, or real and personal, to the value of eight hundred dollars, shall be entitled to the provisions hereof. The provisions of this act shall not apply to any widow after her remarriage.

JUST INDIGNATION.

What was thought a joke in regard to the Chinese boycott of American trade is looming up larger and more serious. It looks like a foretaste of what may be expected from the "awakening to civilized methods" that we are more than eager to subject China to. The more she becomes like other nations, the less inclined she will be to submit to what other nations would not tolerate. Our exclusion of Chinese immigrants simply because they are Chinese, is a policy that no other nation would submit to and keep on friendly terms with us; and China is entitled to respect for her present resentment.

Our exclusion of a people on account of nationality alone is indefensible. Exclude the unfit—so far as possible—by all means, but let it apply to all nations; let individuality be the test and not nationality, then no nation can complain. Millions of individuals have come into the country since the Chinese exclusion act, of much less average desirability than the Chinese would have been, and are still coming without protest, and so far as we can see, without injury to the country. There is no warrant for fear of a deluge of Chinamen. They are not a migratory people. When they could come here freely they came in much smaller number than European races from countries much less densely populated than China.

The conviction of Isaiah E. Cooper of the murder in DeSoto county, if as it is stated, was entirely on circumstantial evidence, should cause a stay in the execution of the death penalty. The fact that the condemned man has stoutly maintained that he is innocent ought to have more weight than it would have in a case where the evidence is the statement of eye-witnesses. It is all right to punish the guilty party, but it is safer to err in acquitting than convicting, on the part of mercy rather than justice.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials.

ARE YOU READY.

People in the North are beginning to shiver and turn their eyes towards the Sunny South. The next thing they will do will be to look up a railway folder to see which route is the best. Then they will wonder, "Where shall I go?" There are many places to go, and if they cannot find a place in Florida to suit them, they pick up a little leaflet that tells of the beauties of California. The people of the Golden State are not idle, and the first thing you know these sufferers from cold start for California.

To avoid this the people of Florida should get down to business. There is no reason why these people should not all come to this State. Get out folders that tell the truth about your town. If there are good hotels and boarding houses there, say so. If board can be obtained at from five to ten dollars a week, put it down in black and white, but don't lie to the people and say that your rates are from two dollars a day up, when the fact is that it's all "up," and no one is entertained for two dollars a day.

There are thousands of people in moderate circumstances who want to find a warm climate in order to escape the severe weather in the Northern and Eastern States. The railroad fare to Florida is reasonable, and if the rates for good board are reasonable, they will come here. They don't expect to get the best at the lowest price, but they want to find comfortable rooms and wholesome food. Are you ready to give them these? If so, let it be known in some manner, as the people will soon be here.

Government Wireless Successful.

New York, Sept. 7.—Tests are being made in wireless telegraphy between Brooklyn Navy Yard and Washington that promise to greatly increase the efficiency of this mode of communication. A method under consideration contemplates a more extended use of the wireless system in communication with warships. Heretofore messages sent between Washington and the Brooklyn yard have been a system of relays. It is confidently believed the relay can be avoided and a direct line established.

A FAMOUS CHARGER.

The Story of Marengo, Napoleon's Last War Horse.

Napoleon helped himself to the creature when he encountered the mamelukes on the banks of the Nile in 1798. Superb as were the horses of these "knights of the desert," the white charger with the "great black eyes, wide nostrils, clean limbs and a brave heart," as Ibrahim the bey described him, was the most splendid of them all. He was a small horse, only just over fourteen hands, faultless in shape and dauntless in courage. Napoleon rode him at the siege of Acre, at the battles of Marengo, Austerlitz, Jena and Wagram. He took him to Moscow in that fatal campaign against Russia and rode him at Borodino and on the Beresina river.

When disaster had come and Napoleon was banished to Elba, the favorite horse was not permitted to accompany him. "I had rather I had shot him than that King Louis should possess him," the fallen emperor said, and he laughed with grim satisfaction when an equerry reminded him that the Bourbon king was himself too unwieldy to ride Marengo or any other horse. Two years passed, and Napoleon was back in Paris. The turn of fortune's wheel had brought him to the top again; Louis was a fugitive, and the emperor was wildly acclaimed by the fickle populace, who but a few weeks before had shouted for the king.

Once more Marengo was led from his stable; once more the housings with the gilded bees were buckled on his shapely form. The horse, old in years and white as fresh flaked snow, was as full of courage as ever. His master's hand passed lovingly over his satin skin as Napoleon mounted him that fatal 18th of June when the troops were forming up on the fields which had been so fresh and green that morning and where the lark's sweet song was silenced by the first booming of the guns. The white charger carried the emperor as proudly as ever; the wide nostrils sniffed the battle clouds as they had often done before. A musket ball struck the creature's flanks, and the white skin and golden bees were stained with blood and dust.

Late in the afternoon Napoleon turned his horse's head from the field. The battle was fought and lost. Only Marengo's fleetness and tireless courage remained between him and captivity. Nobly the old horse responded to his call. Away through the trampled corn, across the broken ground, through the awful scenes of slaughter and the heaps of the dead and dying; away through the merciful darkness of the summer night; away toward Paris once again.

That was the last time Napoleon rode his favorite. Lord Petre found the poor beast, wounded and utterly worn out, at a roadside inn, where Napoleon had entered his carriage, leaving the horse behind. Marengo was brought to England, and eventually sold to General Angerstein of the grenadiers. His old age was passed at Angerstein's place in Norfolk, where the horse—to the last "beautiful as a picture"—attracted much notice. On his death the general presented one of the hoofs to his old comrades of the Guards brigade, and another belongs to General Angerstein's family, at Weeting Hall, Norfolk.—London Modern Society.

Still Unsatisfied.

"Goin' the whole way, mister?" inquired the passenger with the green necktie as he took out his snuffbox, preparatory to settling himself for a cross examination.

The man interrogated eyed him attentively, then replied:

"No. I get out at the third station. I am going to collect some money due to me for groceries supplied. You see, I am a wholesale grocer. The business was left to me by my father. I am married and have five children. The eldest is eleven years old. I am exactly twelve years and nine months married. I live in a semidetached house, rented at £40. My wife is fair and weighs twelve stone. She was a dairymaid before I married her, and has been vaccinated twice. I have £1,150 in the bank, and I was fourteen when I left school."

The man in the green necktie had a dissatisfied look as he inquired:

"What did your great-grandfather do for a living?"—London Standard.

The Shamrock.

In Ireland only one shamrock is known. It is an indigenous species of clover which trails along the ground among the grass in meadows. The trefoil leaves are not more than one-fourth the size of the smallest clover usually seen in America and are pure green in color, without any of the brown shading of white and pink clovers. The creeping stem is hard and fibrous and difficult to dislodge from the earth. On St. Patrick's day the true shamrock has to be searched out among the grass, for, though comparatively plentiful at that season, it grows close to the ground. Later it bears a tiny "white crown" blossom. The information that shamrokh is the Arabic word for cuckold may be of

DARING BRAVERY.

An Exciting Incident In the Career of John Paul Jones.

Whitehaven was a town of considerable importance, writes Cyrus Townsend Brady in the Metropolitan Magazine. It had a population of 50,000 people, and several hundred vessels of all kinds were in the port. Two forts commanded its harbor, but John Paul Jones believed largely in the value of the unexpected and by 3 o'clock in the morning was making for the place with two cutters manned by fifteen men each armed only with pistols and cutlasses. One of the cutters, in command of Captain Jones himself, made directly for the town, and the other, under command of Lieutenant Wallingford, pulled for the shipping docks on the opposite side of the harbor. Jones landed quietly just as the first streaks of dawn were tingeing the east and, leaving one man in his boat, set out at a run for the nearest fort. Gallantly scaling the walls, the party fell upon the small garrison and made them prisoners without firing a shot. After spiking the guns Jones locked the English soldiers in their own guardhouse and set out at a run for the other fort, half a mile away.

But during all this time there was no sign of the work of Wallingford, not a spark of light or a cloud of smoke to show that that officer was doing his part of the work. Not until Jones had reached the other fort and spiked the guns did he learn that Wallingford had abandoned the attempt because the match which he carried for the purpose had gone out.

It was broad daylight, and here and there were signs of activity in the houses near the docks. Captain Jones had no time for delay. He boarded a large vessel and with his own hands kindled a fire in her steerage. Upon the flames he threw straw and hatchway gratings; a barrel of tar completed the work.

In the meanwhile the gathering of townfolk had increased until the crowd had become a frantic mob, which was now threatening the men and the landing place. Seeing that he could do no more, Jones went ashore and, drawing his two pistols, went down to face 1,500 people. He was not a large man, but there was something in his face to supply the deficiency of majesty in stature. He swayed the mob with his pistols as a summer breeze moves a rye field. He reached the cutter and easily held the infuriated people at bay until the fire was well started and his men were safely seated in their cutter. After that he entered the boat and was pulled away.

A Measure For Chefs.

Twelve-year-old Dorothy is already a cook of no mean proficiency. Saturday morning frequently finds her in the kitchen, being initiated into the making of some simple dish.

"Oh, put in a moderately generous pinch of salt," her mother will reply to her anxious inquiry, or her grandmother will give a professional glance at the stewpan and say, "Well, if I were making it I think I'd probably put in quite a little more butter."

Such remarks, coming easily from the tongues of artists who have only to look at a bit of cookery in process of making to know exactly what it needs, are exasperating to a youthful cook, especially one who inherits from "the other side" a predilection for scientific accuracy of statement.

Recently Dorothy, returning from a visit, excited even the interest of those passed masters, her mother and grandmother, by making a wonderful new salad dressing. The two ladies shortly afterward tried to make the dressing, under Dorothy's instruction.

"How much sugar did you say, Dorothy?" asked one of her pupils, bending with flushed face over the stove at a critical moment.

"Well," said Dorothy, with unnatural deliberateness, "if I were making that dressing, I shouldn't be surprised if most likely I'd put in a moderately generous heaping tip end of a medium sized tablespoonful."

"Elephants a Pilin' Teak."

It is in the work of piling logs that the extraordinary intelligence of the elephant is best shown. In the sawmills elephants are used in every department. One will drag a log out of the water to the saw bench and with his tusks place it on the table, while at the other end his mate is waiting, and when the buzzing circular saw has converted the round tree into a four sided log he lifts it off the bench, places it on the ground and drags it out to the storage yard, where he puts it carefully into position, placing one log exactly on the top of the other with wonderful precision. Elephants can pile logs to the height of their foreheads. When the squared logs are wanted for shipment the elephant picks out the required number and drags them down to the waterside, and, when necessary, enters the river and holds the logs in position while they are being bound together by the raftsmen. After that he leaves the log to man's devices.—London Mail.

MEETING OF COTTON GROWERS

Will Buy $1,000,000 Bales of Crop Is the Plan.

Asheville, N. C., Sept. 7.—The purchase of 1,000,000 bales of cotton by the Southern Cotton Growers' association and the withholding of the same for higher prices, is one of the questions to be considered by the Southern Cotton Growers' association which opens a four days' session at Kennilworth Inn.

Secretary Cheatham, while declining to discuss the plan in detail, stated that it would certainly come up for consideration. When asked if the convention would touch upon the recent exposures in the agricultural department, Mr. Cheatham said:

"Well we have passed the resolution stage and we are now doing things. We have, as you know, done much and I believe that the next congress will do the rest."

Less than 100 delegates have so far arrived at Kennilworth, and for that reason only a preliminary meeting has been held to arrange for next session.

Among those already here are former Senator McLaurin, of South Carolina; R. F. Slater and Randolph Lyons, of New York, and R. R. Poole, agricultural commissioner of Alabama.

An estimate of this year's cotton crop, based on reports from all districts in cotton growing states, will be issued by the association for publication Thursday morning.

Valuable Heirloom Recovered.

Portland, Ore., Sept. 7—An heirloom that disappeared from a Georgia home more than 12 years ago at the same time that an old and trusted negro woman servant left, was recovered by its owner at the fair grounds Tuesday. Mrs. McCaw, a demonstrator at one of the exhibits in the manufacturers' building, was looking over the crowd when she saw on the bosom of a stranger's dress the sapphire pin that she had not seen since she was a girl. When she recovered her voice Mrs. McCaw addressed the woman with the pin. The latter said her brother had picked it up on the streets of Indianapolis, about a dozen years ago When Mrs. McCaw asked question about the pin that showed she had identified it, the stranger obligingly returned the lost jewel. The pin is valued at $350.

Men Past Sixty in Danger.

More than half of mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of prostrate gland. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rock Port, Mo., writes: "I suffered with enlarged prostrate gland and kidney trouble for years, and after taking two bottles of Foley's Kidney Cure I feel better than I have for twenty years, although I am now 91 years old." J. W. McCollum & Co.

Sailors Suing for Wages.

Victoria, B. C., Sept. 7.—The six hundred of the sealing schooner Carmencita who arrived here have retained lawyers to libel the schooner for wages. They say that Captain William Thomas, who died on Aug. 26 and who it was stated was in charge of the expedition, did not have charge when the cruise began. When Thomas was engaged, Captain Alexander McLean signed as navigator on the ship. He said he would take charge of the schooner. The sailors consider that McLean's action in proclaiming Thomas as master was a subterfuge to endeavor to shirk responsibility.

Witte's Nephew Commits Suicide.

St. Petersburg, Sept. 7.—A sensation has been caused at Moscow by the suicide of Madame Witte's nephew, M. Khotinsky, who shot a girl through the heart and then turned the revolver on himself, inflicting a wound from which he died after he had been taken to the hospital. Khotinsky was a volunteer in a Cossack regiment. Four of his brothers died under somewhat tragic circumstances.

Company Ignores Manifesto.

New York, Sept. 7.—The decree of the government closing the offices of the Venezuelan government in Venezuela, according to a Herald dispatch from Caracas, thus far been ignored by the company.

Stabbed Woman in Jealous Rage.

New Kensington, Pa., Sept. 7—Mack Murray met Mrs. Murray Orris, said to be a dossolute woman, at Second avenue and Eleventh street last night in company with William Haller, her alleged paramour, and the rival of Murray, and in a jealous rage drew a knife and stabbed her twice in the left breast. Local officers quickly formed a posse and pursued Murray to his home, near Hites Station, where they arrested him together with his brother, Harry Murray, and Miss Susan Peterson, and the three prisoners were placed in jail here about 3 o'clock this morning. Haller has not yet been found

Are You Engaged?

Engaged people should remember that, after marriage, many quarrels can be avoided by keeping their digestions in good condition with Electric Bitters. S. A. Brown of Bennettsville, S. C., says: "For years my wife suffered intensely from dyspepsia, complicated with a torpid liver, until she lost her strength and vigor and became a mere wreck of her former self. Then she tried Electric Bitters, which helped her at once and finally made her entirely well. She is now strong and healthy." Sold at all drug stores and guaranteed, at 50c a bottle

247,000 School Children in Chicago.

Chicago, Sept. 7.—More than 247,000 children thronged through the open doors of Chicago's public schools yesterday and began the work of a new year. The initial attendance exceeded that of any previous year. The first day's attendance last year was in round figures 235,000. More than 40 different nationalities were represented. A large increase in attendance in the domestic science, household arts and manual training classes was recorded. It is estimated that the total increase in these branches of learning will be 3,000.

Dr. Finn's Testimony Interesting.

Dr. Thomas Finn of Boonsboro, Mo., who has practiced medicine for 32 years, says he has used every prescription known to the profession for treatment of kidney and bladder diseases, and says he has never found anything so effective in both chronic and acute kidney and bladder trouble as Foley's Kidney Cure. It stops irregularities and builds up the whole system. J. W. McCollum & Co.

LIFE BUOY AND OAR.

How to Get Into the One and to Support Yourself With the Other.

Very few persons know how to get into a life buoy, and, as in this uncertain world one never knows when one may need to make use of a buoy in real earnest, a little practice might prove of great value in an emergency.

Now, when the buoy is thrown into the water the temptation is to try to lift it over one's head and shoulders or to dive through it. This, however, is impossible. The correct thing is to grasp the two sides of the buoy, with fingers of the hands uppermost, lower yourself under the buoy and come up through the center, then rest your arms upon the sides, and you will be comfortably supported as long as it is necessary.

More often than otherwise, in case of accident, a life buoy is not at hand. In such event an oar may be used as a substitute. Now, there is some little art in saving oneself by this means, for an average sized scull is not buoyant enough to support a person if grasped as the first impulse would direct.

There is only one way in which the oar will support a human being. It must be ridden like a hobby horse. The haft is put between the legs and the blade allowed to project above the surface of the water in front of one. By this means the head is kept well above the water.—Pearson's Magazine.

SOME SECRET INKS.

Writing That Remains Invisible Until Exposed to Heat.

Letters written with a solution of gold, silver, copper, tin or mercury dissolved in aqua fortis, or, simpler still, of iron or lead in vinegar, with water added until the liquor does not stain a white paper, will remain invisible for two or three months if kept shut up in the dark, but on exposure for some hours to the open air will gradually acquire color, or will do so instantly on being held before the fire.

Each of these solutions gives its own peculiar color to the writing—gold, a deep violet; silver, slate; lead and copper, brown, but all possess this common disadvantage—that in time they eat away the paper, leaving the letters in the form of perforations. There are a vast number of other solutions that become visible on exposure to heat or on having a heated iron passed over them, the explanation being that the matter is readily burned to a sort of charcoal, simplest among which we may mention lemon juice or milk, but the one that produces the best result is made by dissolving a scruple of sal ammoniac in two ounces of water.

Writing with rice water, to be rendered visible by the application of iodine, was practiced successfully in the correspondence with Jelalabad in the first Afghan war.

GAINESVILLE, - - - FLORIDA

C. W. Chase has returned from an extended Western trip, after an absence of several weeks. He included in his visit many of the principal cities of the West, and reports a most enjoyable time.

A quantity of gravel, brought from Augusta, Ga., has been received in this city by the Atlantic Coast Line, and will be used in filling in depressions and otherwise improving West Main street in the vicinity of the passenger station of that road.

Mrs. George Estabrook has returned from Worthington Springs, where she has been for the past few days. She intended to remain a longer period, but was compelled to leave on account of the high water in the spring, which is now higher than it has been for several years.

On account of Farmers' National Congress, Sept. 12th to 22nd, the Seaboard Air Line will sell round trip tickets, Gainesville to Richmond, Va., at rate of $22.85. Tickets on sale Sept. 10th, 11th and 12th, final limit Sept. 25th. A good chance to visit the capital of the Old Dominion State.

Robert Jenkins, colored, was brought to this city yesterday in the custody of an officer and placed in prison, having been convicted before Justice Caswell of Alachua upon a charge of aggravated assault and sentenced to pay a fine of $250 and costs or six months. Failing to raise the fine, he will be compelled to serve time on the "gang."

Mrs. O. B. Johnson and son, Chas. Warren, and Mrs. Isaac Steenburg left yesterday for Dowling Park, Suwannee county, where they will spend a few days. Mr. Warren has been in ill health for the past few weeks, and his friends hope that the change to this famous resort, where there is a fine spring of medical properties, will prove a benefit to him.

Deputy Sheriff A. A. Durden of Hampton was in the city yesterday. He came for three prisoners, Castor Merritt, Noah Bennett and Andrew Powers, who were arrested here by Officer Granger upon advices from the authorities of Bradford county. Merritt is wanted for carrying a pistol, while Bennett and Powers are charged with "jumping" a labor contract.

Mrs. Maretta C. Brooks, teacher of experience, and of the most modern methods, wishes to form classes in piano, organ, technique, modulation, phrasing, voice culture, and the art of singing. Special attention given to the healthful development of the body, which the thorough study of voice culture insures. Foundation work given to small classes at reasonable rates. References: Rev. S. B. Rogers, Hon. W. M. Holloway, Mrs. J. D. Turner. For further information call at Mrs. McIlvaine's, 108 N. Arredondo street.

Mr. Hay's Birthday.

On the occasion of his birthday, Rev. Thos. P. Hay was the cost at an enjoyable reception which was given in his honor at the manse Thursday evening. There were a large number of the congregation of the Presbyterian church and friends present, and the evening passed off in a most enjoyable manner.
